

EAGLE HEIGHTS DRIVE RECONSTRUCTION

16C3B

Summary – The project involves repaving the entire length of Eagle Heights Drive on the UW Madison campus. The roadway is approximately 2,500 lineal feet long and is owned by the UW-Madison. The repaving will involve full depth removal of the asphalt and replacement. Concrete curb is assumed at 10% replacement. Some amount of Excavation Below Subgrade (EBS) is expected in order to replace poor subgrade soils.
