

**LOT 76 SANITARY LIFT STATION RENOVATION**

**12A1E**

**Summary** – This \$2,116,000 and 850 GSF project is funded entirely by program revenue and consists of renovating or replacing the existing main sanitary lift station the serves buildings on the far west side of campus. This lift station has not seen a major renovation since its construction in 1966 and most of its major components are beyond their designed service life. The renovation work is intended to upgrade the entire station including the existing pumps, valves, and other mechanical and electrical components. The renovation is also intended to correct the existing problems with rainwater seeping into the lift station. Construction is planned to start in April of 2017 with occupancy in November 2017.

**▼ BUDGET**

**TOTAL** \$ 2,166,000

**FUNDING SOURCES**  
**PRSB** \$ 2,166,000

**ESTIMATED BUDGET BREAKDOWN**

**Construction** \$ 1,490,000  
**Design** \$ 179,000  
**DFD Mgt.** \$ 74,000  
**Contingency** \$ 373,000  
**Equipment** \$ 0  
**Other Fees** \$ 0

**Construction \$/GSF** \$ 1,753  
**Total Project \$/GSF** \$ 2,489
